Dear Jimmy,

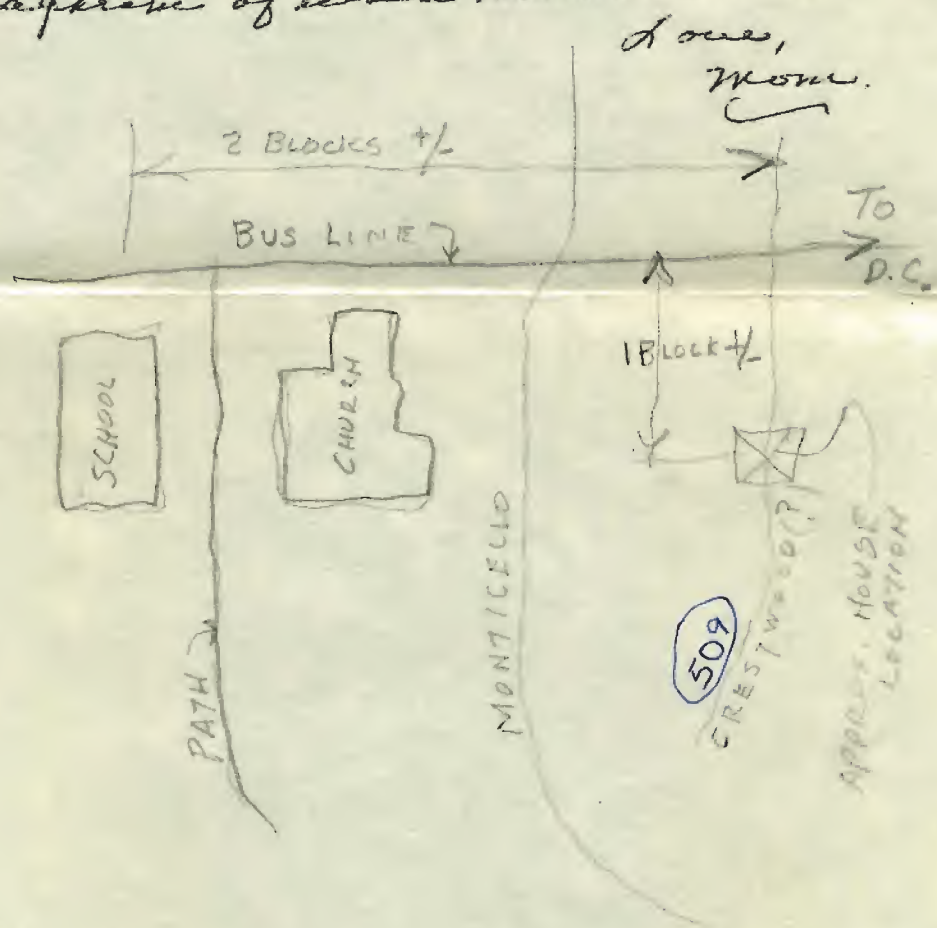

Mike rented a house in Alexandria which is on Crestwood, just two blocks from the school. It is a smaller house but has four bedrooms. Two are upstairs and a bath. Two are on the main or first floor and a bath, small living-room, dining room and kitchen, plus a small screened in porch. There is a basement with a recreation room and storage and laundry. The disadvantages are, there are no ranges or washer and dryer, so they will have to buy them. Also no garage and the rent is 600 dollars a month.

Mad and I still plan to leave, going to Minneapolis first and arriving in Alexandria Oct. 1st. I know that is a terrible time for

you and Vickie as you won't even be settled by then, but we don't expect or want to be entertained at all so don't even think about that. At first we'll be enough to see you

Dad is going to draw you a diagram of where the house is.

Thanks for the card sent July 28th when you left Naples to Bologna.
